Equity State & Institutional Grant Packaging Priority Filing Deadlines- Students entering Spring 2020

- New or Former students entering, spring 2020 or deferred their enrollment from fall 2019 who have submitted a **FAFSA or WASFA by July 15th, 2019 file ready by December 1st, 2019** . Cougar Commitment eligible students must have **applied to WSU by December 1st, 2019**.
- Check the specific item types within each formula to verify the on-time date. Students who did not meet the priority dates above are packaged on a funds available basis (this includes students attending spring semester only).

WCG & CBS Interaction Rules

Per State policy, there is 100% coordination between College Bound Scholarship & Washington College Grant Awarding. Regardless of Institutional priority deadlines, CBS eligible students will be awarded for the maximum WCG award they are eligible for up to 65% MFI within available WCG resources. Students within 66%-70% MFI, must be awarded their WCG eligibility (CB award is not included for this group). CBS student prioritization within WCG for maximum WCG awards will not be impacted or reduced by institutional gift equity policies or by institutional WCG-based prioritization policies, such as prioritizing by MFI level.

State Aid Award Order

WSU awards state financial aid in the following order (assuming the student meets all eligibility standards for the program in question):

1. Washington College Grant (WCG)
2. Passport to College Promise Scholarship
3. Other state grant funds
4. College Bound Scholarships (CBS)
5. State Work Study (SWS)

Work Study Awarding

Work Study awarding is not included in automated packaging but to be considered for possible funding eligibility, the following applies:

- Student meets the priority Packaging Priority Filing Deadlines (refer to chart above).
- Student has checked on their FAFSA they wish to be considered for Work Study funding
- Student has to have an Actual Financial Aid Award with at least \$4000 of unmet need eligibility
- Student must find an approved Work Study job
- Student's completed WSAF is processed and they are manually awarded Work Study by the each the Work Study Program team, with Vancouver, Tric-Cities and Spokane staff posting their own Work Study Awards

WASFA Awarding – Washington College Grant & Cougar Commitment

Students who qualify for Washington College Grant & Cougar Commitment Award through the WASFA process are manually awarded this funding source as these students are not FAFSA filers. WCG funding eligibility is based off WSU's packaging policy for awarding these funds (priority dates, MFI ranges and limits). These students are not eligible for funding sources awarded from the FAFSA.

Fall Graduates

These students are identified through the revalidation process and overaward queries. The spring funding sources are cancelled off. A comment is as set noting "fall grad" and student is sent a revised award notification of adjusted award.
